Once you've selected the level of cover that's right for your employees, you can tailor it by choosing from a range of options:

- **Two geographical areas** of cover
- **A range of options** to give you extra peace of mind
- **Excess levels** to suit your budget.

Why an International Health Plan is good for business

Having employees working and living abroad can be expensive, and good management makes sure your company is getting the best return on your investment. So it makes perfect sense to protect your overseas staff and ensure they're properly looked after.

For local national employees too

Our plan is not just available to expatriate workers; in certain areas you can also cover your local national employees, ensuring they have access to appropriate care too.

24-hour support

Expert care when they're far from home

With services such as our 24-hour medical information helplines and secure online member accounts, your employees can find the nearest doctors and hospitals that speak their language. We even have over-the-phone interpreters so your employees will always be able to understand their diagnosis and treatment plans.

Their online member account will also give them access to:

- **Policy details** where they can make claims and get membership documents
- **Information** on the security risks wherever they are in the world
- **Vaccinations** and medical outbreak information
- **Emergency** telephone numbers for their location.

Professional Medical Case Management

We've joined forces with an independent and objective provider of medical case management, to ensure your employees have access to the support they need, if they're diagnosed with an eligible condition.

When a member registers for the service, they'll be assigned a Case Manager, who will then approach top medical professionals to co-ordinate the best medical care plan available – and provide ongoing clinical support throughout your employee's treatment.

Because this service is independent and always gives objective recommendations for the best treatments, they'll need to make sure the treatment recommended is covered by their plan.

Choice

Select the type of cover to suit your business and budget

Whether you need to cover three or 3,000 employees overseas, we've got a plan to suit your company's needs and budget.

Less than 150 employees

If you're a small company, you'll still benefit from a choice of four levels of cover, and two geographical regions. A range of excesses is also available to help manage the cost of premiums.

Choose your level of cover

Standard

If you want to contain your costs, you can opt for no out-patient cover, with wide-ranging in-patient and day-patient cover.

Your additional options:

- Out-patient treatment
- International Travel Plan

Comprehensive

This is our most popular plan, and provides essential cover for in-patient, day-patient, out-patient and non-routine dental treatment.

Your additional options:

- Dental care or routine pregnancy
- International Travel Plan

Prestige

For more extensive cover, our Prestige plan provides the additional benefits of:

- Routine pregnancy cover
- Adult health check
- Disability compensation cover
- Palliative care for cancer
- Kidney dialysis
- International Travel plan.

Your additional options:

- Dental care

Prestige Plus

For the gold standard in cover for your employees, choose our top-of-the-range plan – which includes all the above, plus:

- Dental care
- HIV (AIDS) treatment
- Out-of-area cover for out-patient treatment
- Full refund on out-patient treatment, session limits apply
- Palliative care for all diagnoses.

Choose to disregard existing medical conditions

If you have more than five employees on your scheme, you can opt to have their medical history ignored. This means that they will be eligible to claim for any condition or diagnosis they currently have or have had in the past.

Choose the location

Decide where you need cover:

- Area 1: Worldwide cover
- Area 2: Worldwide cover, excluding the USA

Choose how much excess members will pay

You can control the cost of your company's premium, depending on the level of excess you choose.

We offer five levels of excess, per person, per policy year:

£100	€125	\$160
£250	€320	\$400
£500	€640	\$800
£1,000	€1,275	\$1,600
£2,000	€2,550	\$3,200

If a member's treatment continues beyond their policy's renewal date, we'll apply the excess again against the costs incurred on or after the renewal date. We'll do this irrespective of whether the costs relate to treatment for the same medical condition.

More than 150 employees

If you wish to cover a large number of employees we have the ability to tailor the plan to suit your needs, as well as offering:

Dedicated support for you

- Your own dedicated account management team
- Corporate Services Online tool
- Tailored management information reporting.

Bespoke service for your members

- 24/7 dedicated support helpline
- Bespoke member site and handbooks
- Customer Online where members can view policy details, pre-authorise treatment or submit claims online.

A global network of hospitals

Access to our international network of over 11,000 private healthcare facilities.

Cost containment

We contain medical procurement costs through:

- Active management before, during and after claims
- Our international global network of hospitals and our purchasing power to negotiate on their costs
- Personal Medical Case Management
- Offering excesses, co-payment options and benefit limits.

Cover

Wide-ranging cover as standard

The following is covered in our Standard plan:

Hospital charges, including accommodation

If a member has to spend time in hospital, we'll settle their in-patient or day-patient bills directly with our preferred list of hospitals. That means they won't have to worry about making a pre-payment on admission. If the member chooses to receive treatment in a hospital not in our preferred network, we will do our best to arrange direct settlement if they let us know beforehand.

Surgical procedures and charges

Whether or not a member needs to stay in hospital overnight, there can still be a lot of costs incurred in treatment. So our International Health Plan will cover the following in-patient, day-patient and out-patient charges:

- Hospital stays and accommodation
- Nursing care
- Operating theatre charges
- Surgeons' and anaesthetists' bills
- Stays in intensive care
- Drugs, dressings and surgical appliances (subject to policy limits).

Emergency cover for out-of-area cover

This gives members both in-patient and day-patient cover for emergency treatment if they fall ill suddenly while travelling out of their specified area.

Cash benefit for each night of free in-patient treatment

If a member obtains free in-patient hospital treatment – through a state system for example – we'll pay a cash sum for every night they have to stay in a hospital bed.

Cancer

The plan covers the investigation and active treatment of cancer, including:

- Radiotherapy
- Chemotherapy
- Brain and body scanning
- Bisphosphonate drugs to help protect bones and reduce raised blood calcium
- Biological therapies to destroy cancer cells (also known as immunotherapy including monoclonal antibodies and other targeted therapies).

Cash benefit for cancer treatment

If for any reason a member receives free day-patient or out-patient radiotherapy or chemotherapy for cancer, we'll pay them a corresponding cash benefit. This is only payable if the treatment they receive would have been eligible for benefit under their policy.

Second Opinion Service

When a member registers for this service, they'll be offered a dedicated Case Manager who will create a care plan, find them the treatment they need, and provide clinical support throughout.

Cancer drug treatments

Treatments for cancer are constantly evolving, and we cover drugs to prevent its recurrence, along with experimental drug treatments when you are a participant in an approved randomised clinical trial.

Emergency evacuation or repatriation

If a member can't get the emergency in-patient treatment they need locally, we'll arrange to get them evacuated to an appropriate facility. Our International Health Plan provides access to the overseas evacuation service, which delivers emergency medical advice and assistance wherever a member is in the world, 24 hours a day, 365 days a year.

In the unfortunate event that one of our members dies abroad, we will arrange and pay for the cost of bringing the body back to a port or airport in their home country.

Dental care and accidental damage to teeth

We'll pay towards dental costs, and our plans cover all dental treatment except routine check-ups, cosmetic work and treatment as a result of neglect. We also cover the cost of accidental damage to teeth.

Pregnancy

All our plans provide cover for medical conditions which may arise during pregnancy and childbirth. More routine costs are covered by our Prestige and Prestige Plus plans.

All cover is subject to annual maximums and benefits limits.

Prostheses

Spinal supports, knee braces or aircasts will be included in the plan if they're part of a surgical procedure and/or integral to the treatment of an eligible medical condition based on the member's plan. Members will also be covered for prosthesis and wigs needed during active treatment of cancer.

Brain and body scanning

The following are paid in full if a member is treated as an in-patient, day-patient or out-patient in one of our preferred hospitals:

- Computerised tomography (CT)
- Magnetic resonance imaging (MRI)
- Positron emission tomography (PET).

Ambulance transport

We'll cover the cost of a road ambulance for emergency transport to or between hospitals, if the member's medical practitioner says it's necessary.

Parent accommodation

Being in hospital can be traumatic, especially for children. So if a member's child is covered on their policy and is under 18, the plan will cover accommodation expenses for them to stay in the same hospital with their child.

Options for our Standard plan

You can extend your cover by choosing from a range of options:

Out-patient treatment

With our standard plan, out-patient cover is for surgical procedures only. You can boost your employees' cover with our out-patient option that includes:

- Medical practitioner charges for consultations
- Consultations and treatment for psychiatric illness
- Complementary practitioner charges including Chinese herbal medicine
- Diagnostic tests and physiotherapy
- Vaccinations administered by a medical practitioner or nurse.

International Travel Plan

Annual business travel and holiday cover that takes into account the medical cover you already have – so you don't end up paying twice.

In-patient, day-patient and out-patient explained**In-patient**

When a member is admitted to hospital, and needs to occupy a bed overnight or longer for medical reasons.

Day-patient

When a member is admitted to a hospital or day-patient unit because they need a period of medically supervised recovery, but don't need to occupy a bed overnight.

Out-patient

When a member attends a hospital, consulting room or out-patient clinic, and is not admitted either as a day-patient or an in-patient.

Extend

You can extend the amount of cover you offer with our Comprehensive, Prestige and Prestige Plus plans

Kidney dialysis

Ongoing kidney dialysis treatment administered as an in-patient, day-patient or out-patient.

Out-patient cover

Optical cover

If a member needs spectacles or contact lenses, we'll contribute towards the cost – as well as one eyesight test each year.

Chinese herbal medicine

We'll provide cover for Chinese herbal medicine treatments as part of their out-patient complementary practitioner benefit.

Out-patient drugs and dressings

You can choose to cover the costs of medicines that have been prescribed by a member's medical practitioner, such as:

- Antibiotics
- Ointments

Hospital-at-home

With Hospital-at-home, members can be treated in the comfort of their own homes, or another appropriate setting. It covers home administration of intravenous chemotherapy, or intravenous antibiotics which otherwise would require members to be admitted for in-patient or day-patient treatment.

Options for our Comprehensive plan

You could boost the level of cover for your employees by choosing from the options below:

Dental care or Routine pregnancy cover

- Boost the dental allowance and we'll cover routine care such as check-ups, scale and polish or;

- Urine analysis
- Cholesterol test
- Instruction in self-examination
- Advice about diet and lifestyle.

Palliative care for cancer

Our cover can provide much-needed care for a member in a recognised facility, even if their cancer is diagnosed as terminal.

Disability compensation

If a member has an accident or injury that leaves them with a permanent disability, we can provide a generous cash sum.

Travel insurance

Members can be covered for additional holidays they may take. The International Travel Plan takes into account the cover for medical costs which members already enjoy under their International Health Plan – so they won't end up paying twice for health cover.

Routine pregnancy costs

While all our plans cover medical conditions that may arise during pregnancy, extending yours means your employees will be covered for day-to-day routine costs.

Option for our Prestige plan

If you'd like to tailor your Prestige cover even further you can choose to add this option:

Dental care

Add a higher dental benefit limit that includes routine care such as check-ups, scale and polish.

Exclusions

What's not included in the health plans

Our International Health Plans are designed to cover treatment of medical conditions that respond quickly to treatment – known as acute conditions. So like most health insurance policies, there are a number of exclusions and limitations on the plans and this is just a summary:

- Treatment of medical conditions that existed, or the member had symptoms of, before joining [unless they have added existing medical condition as detailed on page 03]
- If you have our Standard plan without the Out-patient add-on, there is no cover for out-patient physiotherapy, medical practitioner charges for out-patient consultations and complementary practitioner charges
- Treatment costs incurred as a result of engaging in, or training for, any sport for which you receive a salary or monetary reimbursement.
- The following dental treatments:
 - Routine check-ups (included on Prestige Plus plan and on the Dental Care add-on)
 - Scale and polish (included on Prestige Plus plan and on the Dental Care add-on)
 - Cosmetic treatment
 - Dental treatment made necessary as a result of neglect.
- If you have Comprehensive (without the Routine pregnancy add-on) or Standard, routine pregnancy and childbirth
- Ongoing, recurrent or long-term treatment of long term illnesses (usually referred to as 'chronic conditions') if you have standard cover
- Out-patient psychiatric treatment if you have Standard cover without the Out-patient add-on
- For treatment in UK, any in-patient or day-patient treatment, MRI, CT or PET scans or cataract surgical procedures not received in a hospital, scanning centre or facility listed on our preferred list of hospitals
- We pay most fees in full, but we only pay charges up to the average level if the person treating has in the past charged fees outside the range that is usual for the treatment they provide
- Claims if your employee has travelled outside your area of cover to get treatment or travelled against medical advice.
